Dear Dan,

Congratulations on celebrating the 75th anniversary of the Olympic Peninsula Travel Association. Such long service to the tourism industry and to providing visitor information on the Olympic Peninsula is commendable.

The Olympic Peninsula and the Olympic National Park are truly two of the diamonds in Washington's crown of great visitor attractions. With its temperate rain forest, its magnificent mountain range and grand vistas, its rugged wild Pacific coast, and charming authentic cities and towns, the Olympic Peninsula has been and will continue to be a major tourist destination for visitors from near and far. It has a magic all its own, and is truly one of the 'endless discoveries' of visiting Washington state.

We commend you on your 75 years of continuous service in promoting this great destination. Here's to 75 more great years!

Kind regards,

Marsha Massey
Executive Director
Washington Tourism Commission
